Lee Murphy Equipment Co LLC

Murphy Fast Plug · Family owned since 1962 · Made in USA

Murphy Faster Plug™

Patent pending — US Provisional App. No. 64/185,871

A drill-assisted lifting plug: spin the pin into the pipe box with a common cordless drill or impact and a socket, then hook the hoist to the bail. The bail swivels so it stays aligned with the line while hoist load is carried by the bail.

Features & benefits

- Make up and break out with a cordless drill
- Swivel bail stays aligned with the winch line
- Interchangeable pins: one bail/spinner serves more than one thread — call for details

Specifications

Required bail	P-22MY 1-1/2" Bail
Required bearing	T-151 tapered roller thrust bearing
Overall length (OAL) / diameter	18" / 5-1/2" (P-22MY bail diameter)
Sizes / threads available	Any
Drive / socket size	1" Hex Drive (can be customized with exceptions)
Material / finish	4140 HR
Availability date	Call for details

Pricing & ordering (2026 list price)

List price	$1,431.00 + S&H
